MAYOR TRUMAN REDUCES THE TAX RATE. Mayor Truman, with the aid of the small Republican minority of the Common Council, has been suc cessful in reducing the annual tax rate from \$2.70 of 1800 and 1801 to \$2.00, or possibly \$2.50. During the last fiscal year the Mayor has pushed the cellection of delinquent water rents, and thereby the city has received a large sum of money, a sufficient amount to make it unnecessary to make any appropriation for interest on water bonds. This financial condition, to the ordinary business man, would naturally mean that the tax levy for the coming year would be lower than formerly. But not so with the Democratic Common Council. With their usual regard for the feelings of the taxpayer, they reasoned that, as they were accustomed to pay an annual rate of \$2.70 there was no reason why they should reduce it, and also because next year there would not be these sucplus water receipts, and it would be necessary to raise the rate again. This would be impolitic, they reasoned, for they could easily expend the usual unt and also thereby do away with any undue

At the usual annual informal meeting of the Mayor and Common Council, for the purposes of making the budget for the year, the appropriation for the Street Department was raised from \$7,500 to \$12,000; Police Department, \$15,000 to \$25,000, and other departments were raised from \$500 to \$2,000. Unfortunately for this scheme for plunder, the Mayor objected, and as he threatened to veto any excessive appropriation made, the Democrats reduced the figures to those which they thought would be accepted by him. Accordingly, at the first regular meeting, which him. Accordingly, at the first regular meeting, which was held on Monday night, a caucus was held, in which the Mayor refused to enter. After wrangling an hour and a half, the meeting was called to order, and the tax ordinance was advanced to its third reading and passed. Its appropriations are: Poor and alms, \$8,500; Streets, \$8,000; Schools, \$8,000, Police, \$18,000; Fire, \$7,500; interest, \$17,500; Sinking Jund, \$24,800; contingent, \$16,000; Board of Health, \$1,250; Memorial Hospital, \$500 Fore House construction, \$1,500; ambulance, \$50; assessment on city at large, \$7,000.

Mayor Truman is the first Republican elected to the office of Mayor in twenty years, and the second in the history of the city. His steady persistence in any effort which he makes invariably gains the end desired.

A BIG BENEFIT FOR STRIKING SPINNERS, The entertainment for the benefit of the striking spinners and the locked out piecers and creelers of the O. N. T. Thread Mills, of Newark, took place last evening in the Park Rink. It was one of the largest affairs of the kind ever given in the Oranges. An overflow entertainment was given in German-English School Hall, where the dancing was kept up continuously till a late hour. The Newark delegations included bricklayers and masons, carpenters and tolners, rasp and file makers, harnessmakers, patternmakers, clothing salesmen, butchers and grocery clerks, lathers, Mile End spinners, laborers, stonecutters, digarmakers, Typographical Union, horse-shoers and painters and decorators. Many of the visiting delegations were entirely unable to gain ad-mission to the rink, so great was the crowd. The entertainment will be repeated, with an entire change of programme, to-night.

CHILDREN UNCONSCIOUS WHEN RESCUED. A fire broke out shortly after midnight yesterday in a tenement-house, at No. 13 Prince-st., and rapidly communicated to two adjoining houses inhabited by a number of families. There was great excitement among the inmates. Mrs. Silberman, who, with her five children, occupied the first floor of No. 13, had a narrow escape from suffocation. They were rescued in an unconscious condition by the firemen and police. Two families on the second and third floors were taken down on the firemen's ladders. The fire originated from the explosion of a kerosene lamp. The total loss is about \$4,000, partly insures.

APPOINTING THE PARTISAN BOARD. The Mayor yesterday announced his appointments of the five Commissioners of Public Works. They are James Smith, jr., Hugh C. Hendry, Thomas Harlan, Reuben Trier and Albert Hahn. The appointees are all Democrats. The new Board will have control of the street and water departments, the sewers, public buildings, railroad franchises, etc., and will control an expenditure of about \$800,000 annually. All the subordinates to be appointed will be Democrats. The Common Council is now divided politically and the Mayor is a Democrat. This year it is confidently expected that a Republican Mayor and Council will be elected, in which case, however, all the patronage of the city will be under control of the Board of Public Works and the Mayor and Common Council will have limited powers.

Among the guests were John Metz, of Newark, and Albert Schaub, of Rahway, both of whom were warm personal friends of the bridegroom. Some of them are in Jali now, and there are others who have not been arrested."

HE SHOT HIMSELF IN BED. A CUSTOM HOUSE SAMPLER TAKES HIS OWN

James Trimble, a Custom House sampler in the Appraisers' Department, committed suicide yesterday afternoon at his home, No. 20 Prospect Place, near Fifth-ave., by shooting himself in the heart. He recently married the second time, and went to live at the boarding-house kept by Mrs. John T. Broadhurst. the last ten days he had remained at home from his office, as he had a sore foot, and he acted strangely, appearing to be out of his mind at times. He and his wife occupied the second floor of the house.

After luncheon yesterday he lay down on the bed and asked his wife to play and sing for him. She did so. He then wanted a drink of water, and while she was gone to get it he shot himself. The builet entered his chest in the cardiac region. As soon as she heard the report Mrs. Trimble returned to the room and asked her husband why he had shot himself.

"I don't think that it will take effect," was his response, but he soon became unconscious. Dr. Perry, of No. 138 Sixth-ave., was sent for by Mrs. Broadhurst, but when he reached the house Mr. Trimble was dend. NICOLA TREZZA'S WRIT DISMISSED.

Justice Cullen, in the Supreme Court, yesterday heard the arguments on the writ of habeas corpus sued out in the case of Nicola Trezza, under sentence of death for the murder of Alexander Salvano. His counsel, A. H. Dailey, asked for his discharge, saying that the appeal to the Court of Appeals should have stayed all proceedings; nevertheless the prisoner was kept in collitary confinement at Sing Sing in accordance with the direction of the sentence appealed from. Both the State and National Constitutions forbade cruel and unusual punishment and that a person should be punished twice for the same offence. The sentence to solitary confinement was as much a part of the sentence as that of execution, and Trezza had been compelled to undergo that twice.

Justice Cullen said that the solitary confinement began with the delivery of the defendant to the warden and ended with the execution. Many things beside an appeal might stay the execution, but it stayed the exe-cution only. The writ was dismissed and the prisoner remanded.

"Caloosahatchee?"

"Yes, that's it. I spent six days trying to pronounce it and haven't succeeded yet. These Indian names are beautiful names, but they are deucedly hard to pronounce. By the way, where have you been?"

CARPETS. SHEPPARD KNAPP & CO.

Needn't have the grippe if you're careful to avoid exposure; and there's often as much exposure indoors as out.

Every man who bathes needs a warm gown to wear to and from the bath room, and, since we brought out this lot of Turkish Toweling Robes at \$4 each, what excuse can you offer yourself for not owning so important an article of comfort. It's the biggest four dollars' worth of merchandise we ever sold.

If you think of ordering a Spring Overcoat from a tailor, first look at those we have ready to wear. You'll probably conclude that ours are good enough, and the saving in cost will buy several Bath Robes. We sell for cash and have no bad debt account to assess upon prompt paying customers.
